"Our Welsh National"

Some of our distinguished guests including, Bob Black on the right, Chairman of the Caravan Club with his good lady. Centre picture is of course our chairman Ronnie John with his wife Jan.

Debbie Davies the Ladies Netball Team Shooter, is more accurate than a guided missile fired from one of those quite jets, that kept coming over to take aerial photos of the National. Debbie even played with broken fingers to give the other side a chance.

The 9 – 12 yrs Netball Finalists West Wales & South Wales

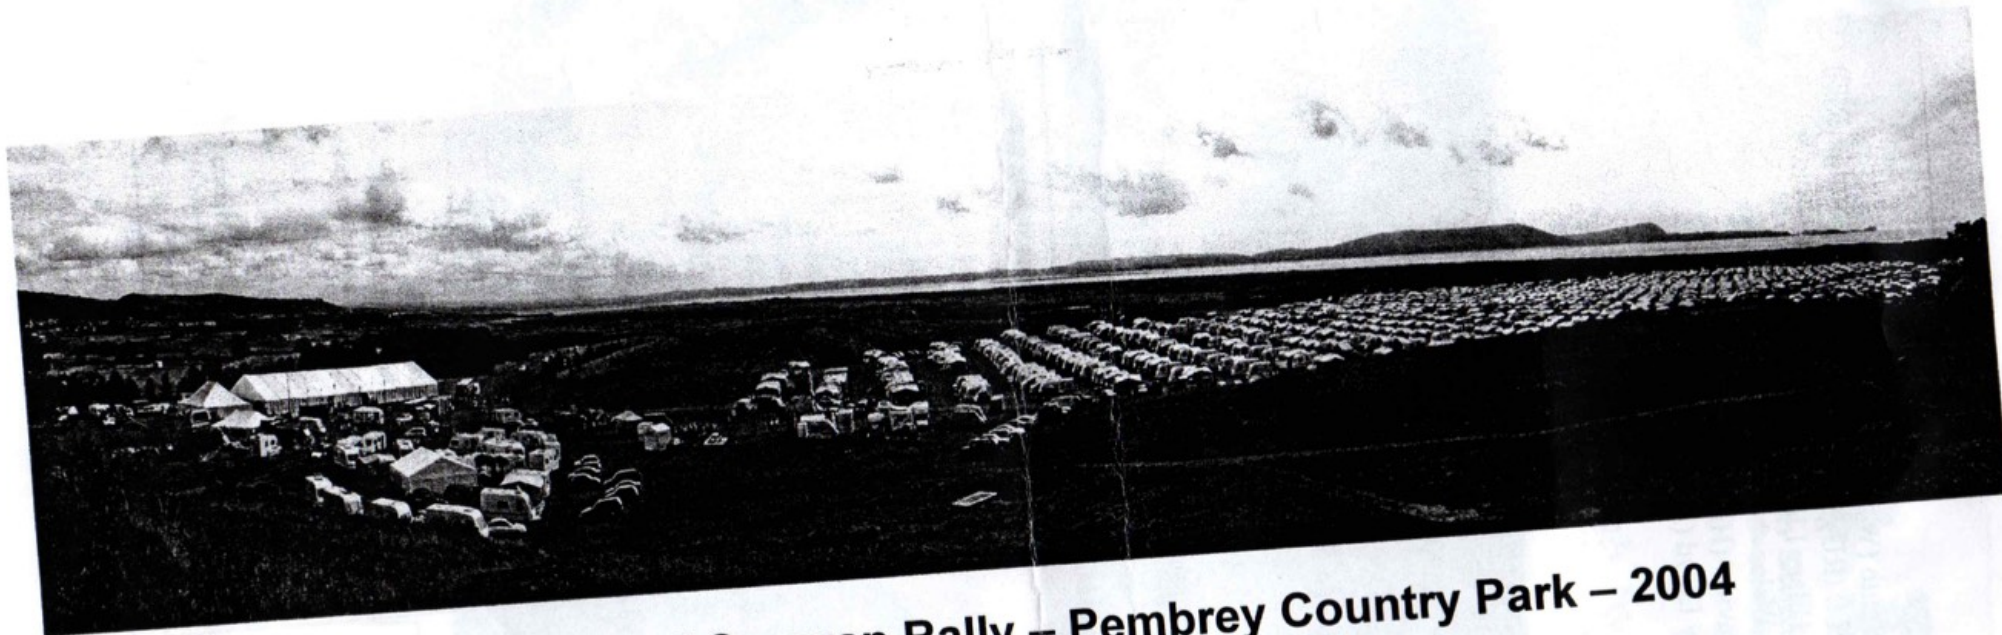

Well what a National, this was the biggest and best National for years, and what a fantastic effort by you, the members. The hard work and teamwork displayed by our members was incredible the Committee would like to thank you one and all. No matter if you helped in the setting up, the running of the event, or the taking down, and cleaning up. This Centre should be so proud of what its achieved, with the help and hard work of the members its been a fantastic success, **Well Done!**

Decorated Car – The Winning Team!!

From a sports prospective you can't ask much more than West Wales being represented in 10 out of 11 finals. For non sporting events and under canvas West Wales either won or were runners up in 12 out of the 16 events. We retained 'our' cup, next years National is only ten miles further on, at Carmarthen Show Ground. Lets take another 200 vans down there, take part in everything, enjoy our selves and win the Inter Centre Cup for the 3rd year outright in 3 years.

I hope you agree that the sports pitches were the best for years, and I for one would have never seen pitches being rolled at a National (good ol' Parker Plant). From a personal point of view I would like to thank the small group who helped me mark and remark the pitches, roll them, rope them off, and cart the Tug o War rope around., all weekend. **Many Thanks – Jon Sambrook**

Welsh National Caravan Rally – Pembrey Country Park – 2004 Hosted by the West Wales Centre

Chairman's Thank you.

Jan & myself would like to thank all members who helped or assisted in any way at this years "Welsh National". As I said in my closing speech", there is bound to be somebody I have forgotten". I hope it was not you, and if it was "thanks again". We cannot explain what a privilege it is to be your representatives. The welcome received each time we took the stage was very special to us. Again to all members who were there. **Thank you.**

Ronnie & Jan

P.S I would like to thank all members who very kindly sent flowers and cards in memory of my mother. - **Jan John.**
